

**Let Industrial Fabrics take care of your filled sand bag needs.  
We can fill over 10,000 daily**

# FILLED SANDBAGS

Filling large quantities of sand bags can be a logistical nightmare; sourcing bags, trucking, arranging for bulk sand, finding a dry place to fill the sand bags and securing volunteer labor just to mention a few.

With prepositioned truckload inventory we are capable of supplying filled sand bags on short notice.

All filled sandbags contain an average of 35-40 lbs of fill sand and are packed 60 per pallet. Each pallet of sand bags is poly covered and wrapped to protect the sand from getting wet.

## **SPECIFICATIONS**

- **14" x 26" - Orange**
